企业简介

Company Profile

山东安亚金属科技有限公司成立于2020年11月,注册资本1.2亿元,法人代表肖光;位于长山镇魏桥铝深加工产业园51号,是高精密铝板、钢板表面处理项目的民营企业,属邹平市重要招商引资项目,并且被滨州市评为2022年度33个省市重要项目之一,我司项目在2023年度纳入国家重点项目库名单中;我司自成立以后得到了邹平市政府各级领导的大力支持,各项业务稳步推进中。我公司已经连续两年获得“科技型中小企业资质”,在2023年4月24日我公司获得山东省2023年“创新型中小企业”、并在2023年12月7日获得“高新技术企业”资质。

Shandong Anya Metal Technology Co., Ltd. was established in November 2020, with a registered capital of RMB 120 million, located in No. 51, Changshan Town, Weiqiao Aluminum Deep Processing Industrial Park. It is a private enterprise engaged in high precision aluminum plate, steel plate surface treatment project, an important investment attraction project in Zouping City, and was rated as one of the important projects in provincial and municipal level in Binzhou City in 2022. Since its establishment, our company has been supported by leaders at all levels of Zouping Municipal Government, and various businesses are progressing steadily. Our company has been awarded "Qualification of Science and Technology SME" for two consecutive years, and on April 24, 2023, our company was awarded the qualification of "Innovative SME" in Shandong Province in 2023, and on December 7, 2023, we were awarded the "High tech Enterprise" qualification.

集加工、贸易、进出口为一体的大型铝业公司

A large aluminum company integrating processing, trade, import and export

目前我司一期项目生产的产品是屋面瓦和开平板,每年约2万吨,投产所有产品都是进行外贸出口,目前主要是通过山东博亚建筑材料有限公司和山东希诺金属材料有限公司出口至东南亚、非洲等国家,我司通过专利技术对传统的压瓦机设备进行升级改造,传统用瓦形只是用于低端的高速路围挡及建筑遮挡物,我公司生产的瓦形可以达到出口的标准,可以用于国家高铁站、飞机场、体育馆等高端设施,通过升级改造瓦形压制方案呈现“欧式风格”,并传承“鲁班精神”;所以我司产品得到了海外客户的一致好评。其中二期彩涂铝板。产品部分用于汽车板和家电板,国家重要建设项目等。预计全年生产和销售15万吨彩涂铝板和钢板,预计全年销售产值10亿元。

Currently, the products produced by our first-phase project are roofing tiles and slabs, with an annual output of around 20,000 tons. All the items put into production are exported to foreign countries, primarily in Southeast Asia, Africa, as well as other countries through Shandong Boya Building Materials Co., Ltd. and Shandong Shandong Sino Metal Co., Ltd. Through proprietary technology, we have upgraded the traditional tile press equipment. Initially, the traditional tile shape could only be used for primitive highway enclosure and residential construction shelter; however, the tiles manufactured by our company can reach overseas export standards, and are suitable for utilization in high-end facilities such as expressway stations, airports, and gymnasiums. The upgraded and restructured tile shape presses display a "European style" and embrace the "Luban spirit", and as a result, our products have been well-received by foreign clients. Among them, the second phase of color-coated aluminum products, some of which are used in automobile panels and household appliances panels, and important national construction projects. It is expected to produce and sell 150,000 tons of color coated aluminum plates and steel plates, and the annual sales value is expected to be 1 billion yuan.

自动化工艺生产, 确保每批次质量稳定

Automated process production to ensure stable quality of each batch

精品高端铝加工制造业是邹平市的特色支柱产业之一。目前,全市铝加工及配套企业已形成的龙头企业为先导,辐射周边、规模突出、配套齐全、链条完整的产业集群。安亚金属科技项目是传统产业的升级,属于新能源新材料产业,生产设备标准化+人工智能化。项目建成后将对邹平市传统产业的智能化、标准化转型升级起到带动作用,加速推进新旧动能转换。

Fine high-end aluminum processing manufacturing industry is one of its prominent core industries in Zouping City. Currently, the city's aluminum processing and supporting enterprises have established a robust industrial cluster, wherein industry-leading firms lead the way to success, radiating positive impacts on related scale enterprises and creating a comprehensive supply and value chain. Anya Metal Technology project is an upgrade of traditional industries, belonging to the new energy and new materials industry, production equipment standardization + artificial intelligence. Upon completion, the project will take the lead in driving the intelligent and standardized transformation and upgrading of traditional industries in Zouping City, thereby expediting the transition from the traditional to the modern sources of energy.
